

MESSAGE FROM THE DIRECTOR OF IT AT NATIONAL

The Department and National Membership reports have been updated to correct two issues.

The previous version of the report counted members who had proformas that were included in unsubmitted (open) online transmittals. The intent was to show memberships that would become active once the online transmittal was posted. In practice, though, we found two problems with this. Posts can make changes to these online transmittals over time which caused confusion because this caused count changes in the Membership Goals reports. The new version of the report does not include members in an unsubmitted transmittal.

We also updated how transfers are counted. Previously, when a member transferred from Post A to Post B, the membership was counted towards Post A. The report now looks at which post has an invoice for the member, so the transferred member now counts towards the post where they paid dues. There was also an attempt to filter out records with bad transfer data which is no longer needed and has been removed. The removal only affects the errant details.

There are unsubmitted online transmittals that have been open for a long period of time causing memberships to be counted without ever being posted. We will be contacting Posts with old open transmittals asking them to post or cancel.

DMS Issue

actually eligible.

DAVID SUTTON

**THESE CHANGES WILL CAUSE A CHANGE TO YOUR NUMBERS AND IN SOME CASE
REDUCE YOUR MEMBER ON THE REPORT**
